

AMERICAN BIRKEBEINER X OFFICIAL RESULTS

February 27, 1982

American Birkebeiner X

American Birkebeiner X is now history. We hope you will enjoy this result book, which endeavors to record the race statistics and the excitement connected with the event.

This year's race witnessed many changes. These changes were made to insure the continued world class status of the American Birkebeiner.

Changes are always risky unless there is a competent staff to execute the new plans, and a cooperative community to render assistance. The Telemark staff and the Hayward/Cable communities met the challenge and, in my opinion, put on the best American Birkebeiner race in history!

All of us at Telemark realize we can not rest on our laurels. More changes and more improvements must be made if we are to have a better American Birkebeiner next year. Our critique sessions are already underway. It is our fondest hope that we will see all of you again for another great **Gathering of the X-C Clan** on February 26, 1983.

RACE WEEK

And they're off at the start of the Dannon Series night race on Wednesday of Birkebeiner week.

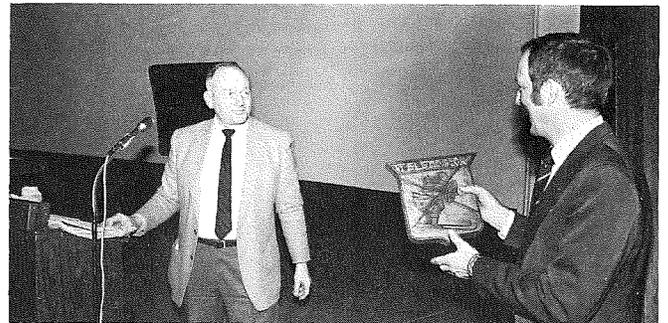

Skiers "Telemark" their way down the Jerry Berard slope in the World Telemark Turn Championships held Thursday and Friday of Birkebeiner week.

It was a proud moment for Austrian ice sculptor Engelbert Hattenberger (right) as he received an Indian headdress from Jack Rabbit Johanssen (middle) and Tony Wise.

German tour leader Annelies Wanack (right) and Tony Wise cut the ribbon to dedicate artist Lyle Nelson's replica of downtown Munich in the Telemark Colosseum.

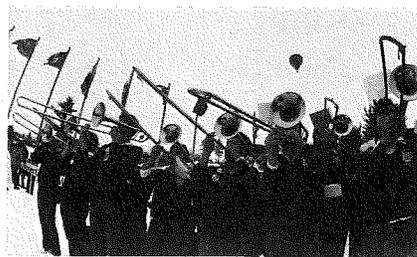

A huge Viking warrior of ice kept watch over one of Engelbert Hattenberger's most beautiful ice works of all time, uniting the Norwegian and American Birkebeiners.

THE GRAND OPENING

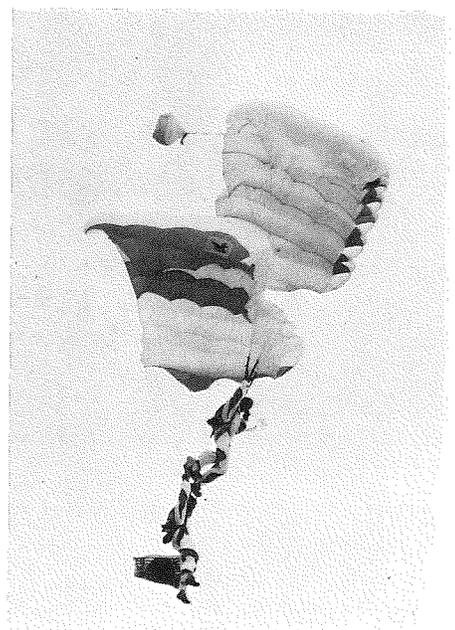

Balloons from the balloon! Birkebeiner balloons are dropped over the opening ceremonies by huge hot air balloons soaring overhead.

The University of Wisconsin marching band, 140-pieces strong, was one of the highlights of the opening ceremonies.

Ojibwa medicine man Jimmy Moustache (left) and Jack Rabbit Johanssen join together in welcoming Birkebeiner skiers at the opening ceremonies.

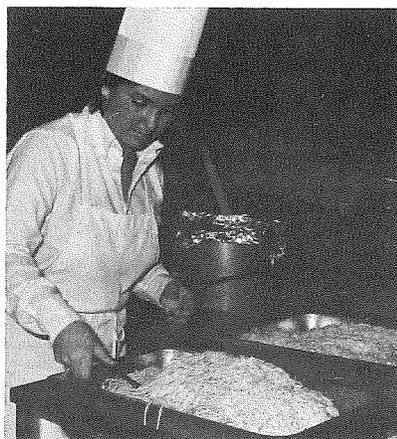

Skydivers, linked together as one in a difficult maneuver, glide into the arena with the Worldloppet flag to officially open American Birkebeiner X.

Thousands of spectators gather in front of the Telemark Colosseum as the University of Wisconsin marching band strikes up a rousing march. Meanwhile, flags of the fifty American states and banners of participating nation flutter in the breeze.

American Indians rise to greet representatives of Norway as skiers from around the world assemble in the Telemark Colosseum to open American Birkebeiner X.

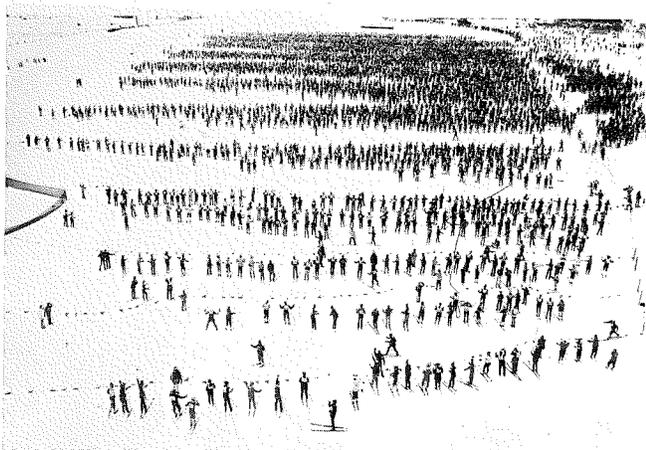

GETTING READY

Plenty of pasta and sauce was served up to thousands of skiers on the eve of the Birkebeiner at the annual Creamettes Spaghetti Buffet in the Colosseum.

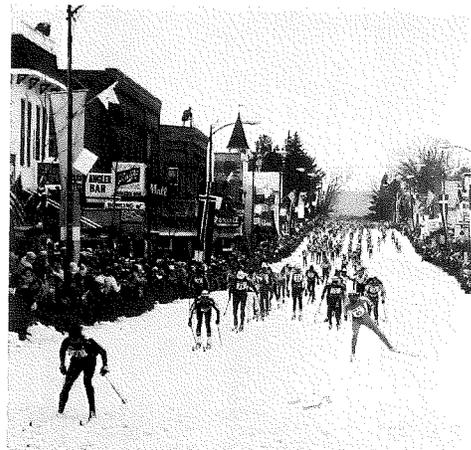

AND THEY'RE OFF

Nearly 6,000 gather at the start.

Skiing in his tenth race (including two Kortelopet championships) Ironwood, Michigan skier Duncan McLean leads the pack down Iowa Avenue at the start.

Row by row, track by track, skiers stride through the heart of Hayward, Wisconsin at the start of American Birkebeiner X.

Spectators line the streets of Hayward as nearly 6,000 skiers pass by.

Skiers are spread out like ants on frozen Lake Hayward.

ON COURSE

It was a thrilling moment for America as Howie Bean skated through "00" leading the pack. Behind him is Bengt Hassis, Sweden, Jan Bjorkheim, Norway, eventual champion Ola Hassis of Sweden and Austrian Rudi Kapeller. Dag Bjorkheim, who dropped out a few kilometers down the track, is in sixth.

Gatorade at food stations provided skiers with electrolyte replacement as they clicked off kilometer after kilometer. Ekstrom's Blueberry Nectar was a favorite at the finish line.

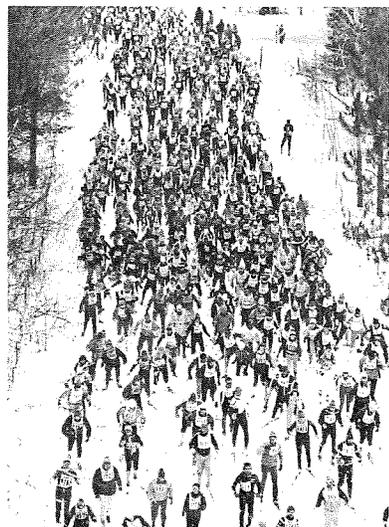

Duluth skier Stephen Harrington won his second straight citizen's title, earning a trip to the Norwegian Birkebeiner Rennet. Here Steve gets a cup of Gatorade from Gary Crandall of Telemark.

NorTur and Swix combined to provide much-needed skier service and wax assistance along the course.

Nature Valley Granola Bars, Holsum Doughnuts and River Bend California oranges helped keep skiers going.

Skiers climb up a hill near Wheeler Road en masse.

THE FINISH

With the flags of states and nations waving in the breeze, skiers wind their way across the Jerry Berard slope and up to the Colosseum finish line.

Champion Ola Hassis pours down some victory champagne.

Champion Ola Hassis (left) gets a victory hug from Jan Bjorkheim, after passing Bjorkheim coming into the finish area.

Norwegian Gry Oftedal poles between two American flags into the finish line for her second Birkebeiner victory in two attempts.

U.S. Ski Team member Howie Bean, Wolfeboro, New Hampshire, scored one of the best American finishes in recent race history against the tough Europeans, finishing third in the Birkebeiner.

Sweeping the trail this year was a smiling Belinda Hyneman, Eau Claire, Wisconsin, who completed her second Birkebeiner, even though this one was "a little tougher than my last race," as she told the thousands at the Birkefest later that evening.

AFTER THE FINISH

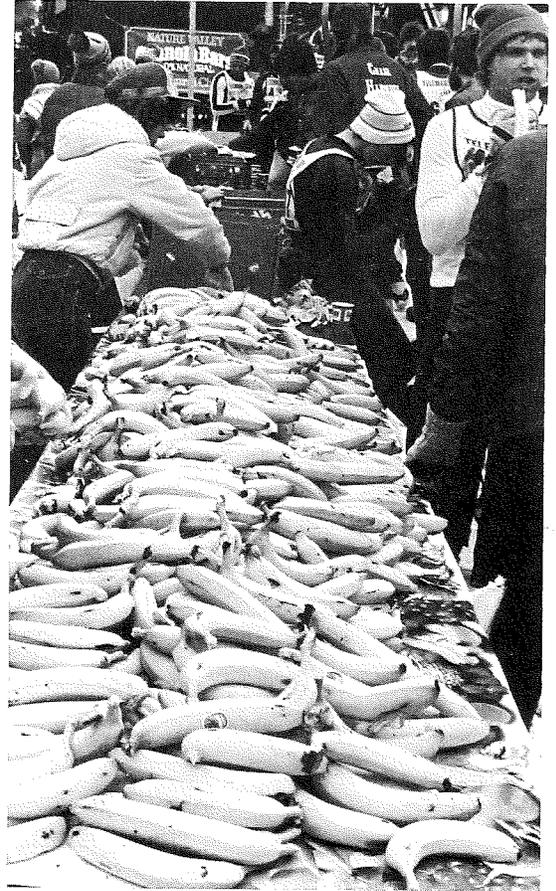

Skiers wade through mountains of baggage at the Telemark finish.

Skiers relax and warm down after the race in the huge Telemark outdoor swimming pool

Skiers gather around the Telemark food station - a welcome respite after 55 kilometers on the trail.

In the past two races, Chiquita Brand bananas have become one of the most popular and asked-for food items at the Birkebeiner.

Woolrich/3M provided special Thinsulate parkas to race officials which made them identifiable to racers

BIRKEFEST AWARDS

Ola Hassis was reluctant to come to America this season, but was happy as could be after winning it all and hoisting the Haakon Haakonson trophy on high at the Birkefest.

106-year old Jack Rabbit Johanssen was the honored guest at American Birkebeiner X, witnessing a spectacle of skiing - a sport he is credited with singlehandedly bringing to popularity in North America in the 20th century.

Tor-Petter Eng-Overmo, president-elect of the Rena (Norway) Ski Klub exchanges friendship greetings with Charles Rasmussen, village president of Rena's sister city, Cable, Wisconsin, at the Birkefest Awards ceremony.

Canadian representative Cor Westlund brought greetings from the Riviere Rouge Race, Canada's Worldloppet event.

Jack Rabbit Johanssen's young daughter Alice gets a helping hand from Tony Wise in donning her Woolrich/Thinsulate parka.

23-year old Jennifer Caldwell, Putney, Vermont, held down the honors for American women, finishing second overall to Norway's Gry Oftedal.

CHAMPIONS ALL!

Champion Ola Hassis, second place Jan Bjorkheim and third place Howie Bean, pose for photographers on the victory stand.

Norwegian Gry Oftedal stands high and proud - her second Birkebeiner victory! Joining her, and shaking hands, are second place Jennifer Caldwell and third place Joan Groothuysen.

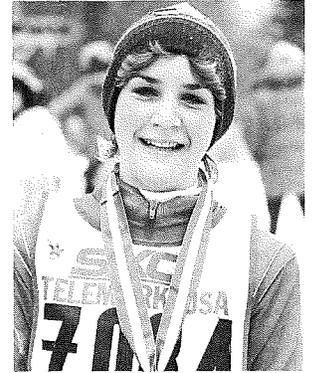

1982 American Birkebeiner champion Ola Hassis, Sweden.

1982 American Birkebeiner women's champion Gry Oftedal, Norway.

Ben Dodge, Deer River, Minnesota, wore the 1982 Kortelopet champion's laurels proudly, finishing the 30.5-kilometer race in 1:40:53.3.

A beaming Brenda Bergum brought the Kortelopet women's championship home to Hayward in a thrilling victory for the hometown fans!

Ten Birkebeiner founders completed their tenth race this year and were honored at the Birkefest. Each skier, when they complete their tenth race, will receive this same special award - an elaborate cast Birkebeiner emblem set into a handsome dark wood base. Pictured above are (from left) Karl Andresen, John Gannett, John Holmquist, John Kotar, Dave Landgraf, Wayne Lindskoog, Nils Meland, Rick Scott, Ernie St. Germaine and Eric Ersson, who was the champion of the original race.

Some Changes and Improvements Contemplated for Birkebeiner XI

1. Recontour any difficult curves
2. Honor system of starting line placement to be replaced by assigning start positions for first seven ranks:
 - a. National team members
 - b. 25% Club membership
 - c. High finishers in Worldloppet, Great American Ski Chase, or other prestigious races
 - d. Rank commensurate with finish in Birkebeiner X
 - e. First year entrants no closer than eighth rank or further back if requested
3. Definition of Citizen Racer for purpose of awards to be changed
 - a. Not a licensed competitor for the prior year or year of race
 - b. Not a national team member for five prior years
 - c. Not a member of any commercial-sponsored team
 - d. Not an endorser of any ski equipment company through the posing for photographs with free or discounted equipment, through any other advertising material or wearing commercial emblems on racing clothing in race.
4. Enlarge flat finish area for better:
 - a. Awards area
 - b. Baggage area
 - c. Final food station
 - d. Clothes-changing area
5. Endeavor to come up with solution to huge shower-taking problem. We hope outside swimming pool will help in this respect. We'll endeavor to enlist aid of National Guard or Army Reserve to provide portable shower units from Quartermaster units.
6. Honor Community volunteer groups at Awards Banquet.
7. Enlarge first aid rooms at finish of race at Telemark.
8. Provide more fast-food service facilities at Telemark.
9. Refine our computerized result systems. There are at least two computer system back-ups in addition to hand back-ups already provided.
10. Better organize Awards Ceremony and have complete results available at start of Awards Ceremony. Also, refine the audio and staging facilities.
11. Sell all 2000 Birkefest Smorgasbord tickets in advance *only*, so there will be no disappointment at not being able to get tickets on arriving at Telemark registration days.
12. The traffic jam that occurred after the Opening Ceremonies on Friday will be averted next year by having one-way traffic at Telemark on both Friday and Saturday.
13. Helicopters, which were an irritant to skiers, will not be permitted to fly so low or be over the course next year.
14. Alternate outside walking routes to the Colosseum will be better marked next year to avoid congestion in the Lodge corridors and Colosseum tunnel.

Skiing without Swix is like sailing without wind.

With changing snow conditions becoming the rule rather than the exception, have you noticed how much more important it is to skiers these days to get the most enjoyment from each and every ski outing? They just won't settle for a day of only so-so performance anymore. And with Swix two-wax they don't have to. An easy 60 second application will improve their ski's performance whatever the snow conditions or weather.

And selling Swix is more profitable than you may think. Not only does it build traffic with repeat purchases all through the season, but some retailers will do up to 15 percent of their ski dollar volume in wax. And with no product obsolescence there is no need for markdowns!

Swix. The number 1 wax in the world...according to everybody.

**Swix two-wax.
As simple as making
a snowball.**

Thousands of "Thank You's" Go Out To 1982 Birkebeiner Sponsors

On behalf of the more than 6,000 Birkebeiner skiers, officials of the American Birkebeiner X would like to express sincere thanks to these race sponsors. Without their support, the Birkebeiner would not have been able to become the largest skiing event in North America!

SWIX SPORT USA - One of our most important sponsors, Swix officials was responsible for official waxing tents and waxing stations, plus posting of pre-race waxing information.

NORTUR, INC. - One of the oldest sponsors of the Birkebeiner, NorTur is the American distributor of Landsem and Epoke skis, Suveren boots and other Norwegian ski products. NorTur pros handled all on-course waxing and repair stations, an important function in a race like the Birkebeiner.

NORMARK, INC. - One of our newest ski industry sponsors, Normark is the distributor of Normark skis and Noronna boots, and provided backing for the World Telemark Turn Championships, plus providing Telemarking clinics during the week, along with the Professional Ski Instructors of America (PSIA) Demo Team.

WOOLRICH/3M - Woolrich and 3M, now in their third year of involvement with the Birkebeiner, provided special Thinsulate parkas to race officials - an important item for workers who labored many hours in the cold and snow!

THE CREAMETTE COMPANY - One of the Birkebeiner traditions that has developed the past few years is the annual Creamette Spaghetti Buffet Friday evening. Over 3,000 skiers were served this year.

NATURE VALLEY GRANOLA - 25,000 Nature Valley Granola bars were served to hungry skiers including a sample bar in racer packets and more bars at the end of the race - a nutritious post-race snack!

RIVER BEND ORANGES - One of the most popular food items at every station is oranges. This year 18,500 oranges were devoured by energy-starved racers. Thanks to River Bend and Super Valu stores.

HOLSUM BAKERY - Solid food is important as the race draws on, and this season 7,200 powdered-sugar donuts were available at food stations nearing the end of the race.

EKSTROM'S BLUEBERRY NECTAR - The traditional cup of blueberry soup or nectar at the finish is a welcome warm drink at the end of a long race. Over 5,000 servings were given out in special plastic packets at the finish line.

GATORADE - To replace the energy burned off during the race. The electrolyte-replacement Gatorade will be served at all food stations. Over 3,700 gallons of the drink were served to skiers.

In a race this large, errors of recognition may occur. The Birkebeiner Committee apologizes in advance for any unintentional oversights in recognizing persons or groups that were helpful in making American Birkebeiner X so successful.

And to all those individuals who volunteered to work so hard and cheerfully in servicing skiers at registration, start lines, on the course, and at the finish lines, etc. WE THANK YOU!

Hundreds of letters have come in to us from skiers requesting we convey their thanks to you for your smiles and encouragement during American Birkebeiner X.

CITY OF HAYWARD - Not enough can be said about the tremendous cooperation from all departments of the City of Hayward, especially with the special preparation of snow-covered streets and the use of the streets during the Birkebeiner.

HAYWARD COMMUNITY SCHOOLS - The Hayward Community Schools have once again proved to be a good friend to the Birkebeiner skiers, providing dormitory space for over 1,000 skiers within a short distance from the start of the race.

WISCONSIN NATIONAL GUARD - The use of the Wisconsin National Guard armory in Hayward for an assembly center near the start was crucial to give skiers a warm place to get the most accurate information about the new start in Hayward.

LOUISIANA-PACIFIC - LP in Hayward was extremely helpful in providing plywood supplies and snow hauling equipment.

JOHNSON TIMBER COMPANY - Greatly aided the hauling on and removal of snow on Main Street with their giant front end loader.

CLARENCE METCALF CONSTRUCTION COMPANY - Donated dump trucks and its large front end loader for getting snow on and off of Main Street.

VALLEY ENGINEERING - Special grooming equipment for the race was provided by Valley Engineering, an important consideration in a race the size of the Birkebeiner.

TEXGAS CORPORATION - Hayward's Texgas Corporation provided propane gas for use in keeping all essential liquids warm at food stations during the race.

WEST'S HAYWARD DAIRY - Imagine mixing and packaging thousands and thousands of gallons of Ekstrom's Blueberry Nectar and Gatorade. West's Hayward Dairy has it down to an art!

U.S. TOBACCO - U.S. Tobacco (Copenhagen/Skoal), a strong supporter of the U.S. Ski Team, will be supporting the Team on the Great American Ski Chase. The support of U.S. Tobacco has been an invaluable asset to the Team's sports medicine program, as well.
